We do not have responsibility with missing file of this book.

Personal finance author and lecturer Robert T. Kiyosaki developed his unique economic perspective from two very different influences - two fathers. One father (Robert's real father) was a highly educated man but fiscally poor. The other was the father of Robert's best friend - that dad was a college drop-out who became a self-made multi-millionaire. In this follow-up to the bestselling Rich Dad, Poor Dad, he reveals the secret of how the wealthiest people become wealthier by presenting some simple investing secrets and explaining how anyone can enjoy cash benefits merely by knowing where and how best to invest their money.
